MEDTEX SWISS FACTORY

Medtex Swiss factory located in Gabrovo, Bulgaria is a professional producer of various medical devices, masks, bandages and supports **since 2014**. The factory is registered as **a manufacturer of medical devices** with Bulgarian Drug Agency and **certified according to ISO, FDA, CE**. Presently our products are exported to **40 countries** worldwide.

Currently we produce 3 types of **protection** and **medical masks**:

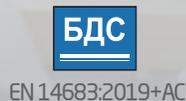

1. Three layer **medical disposable mask**, type IIR, BFE 99% according to the standard EN14683+AC2019
2. **Reusable FFP2 mask** – with respiratory valve, with silver ions.
3. **Reusable medical mask** with SMS filter, non-valve, type IIR, BFE 99.99%.

All the products are available in brands Dr. Frei Protect, Medtex, Medtextile and for private labelling (OEM). We are a very flexible in production of private labeled products with:

- **LOW MOQs**
- **SHORT DELIVERY TERMS**
- **MANUFACTURING TERM - 15 DAYS**
- **COMPETITIVE PRICING**
- **MADE IN EU**
